

# 40 Days of Prayer & Devotion to Easter

## Day 2

*GPS devices are an incredible resource. For those of us who are more “directionally challenged,” a GPS device on our phones or in cars can make all the difference in finding a clear path for the chosen destination. There is only one catch ... you must follow the directions. A voice will let us know if we make a wrong turn.*

*In John Chapter 4, Jesus makes it clear that there are not multiple roads to a right relationship with God the Father. HE is the ONLY way. As believers, we know this truth. The problem is that we are not as forthcoming with the directions. Every day, we encounter people who are in need of rescue. They are traveling through life with no sense of hope or purpose. Perhaps they have attained some form of success yet find themselves empty. We have the roadmap for peace and fulfillment in this life and beyond. JESUS is the answer. The Holy Spirit is the voice that keeps us on track.*

*How will you be used of God today to share the plan of salvation?*

*A plan of action:*

- 1. Pray for boldness to share your faith.*
- 2. Use the simple analogy of GPS above to start a Gospel conversation.*
- 3. Trust God with the results.*
- 4. Ask another brother or sister in Christ to hold you accountable for sharing your faith.*

*God will use you in ways that you cannot possibly imagine. You have been placed within a circle of friends, family, or co-workers for a purpose. Never underestimate the impact your personal testimony can have for the sake of the Gospel. Take a step of faith today.*

*– Pastor Bill Shiflett*

Jesus said to him,  
“I am the way, and  
the truth, and the  
life; no one comes  
to the Father but  
through Me.

– John 14:6
